when taking **FULLREADY** your body reserves the nutrients prepares your body for the annoying effects of alcohol.

WAKE UP!!! NO HANGOVER.

BENEFITS

LIVER PROTECTOR:

(Apple, celery, artichoke, glycine, folic acid and vitamin B12).

The apple has high levels of malic acid, working as a liver cleanser, in addition, the celery fulfills the function of protecting the liver, the artichoke increases the production of bile, helping to eliminate toxins, and glycine is a great precursor of glutathione that acts as a powerful antioxidant in the organism.

GASTROINTESTINAL PROTECTOR:

(Mangostino, Aloe vera, konjac, banana and Papaya).

Mangosteen and aloe vera cleanse the digestive tract and are responsible for reducing cellular oxidation and combat, through its excellent antioxidant action, the harmful effects to prevent guava. Banana improves hydration and Konjac and papaya have benefits at the gastric level and facilitate digestion.

ENERGY:

(Vitamin B12, B6, Glycine, Leucine, Valine, Isoleucine).

Thanks to vitamin B12. And glycine the body receives a valuable stimulus of healthy energy. Vitamin B12 helps maintain the health of neurons, the brain and blood cells, being essential in nerve function, reduces fatigue and tiredness and increases energy, hence it is known as the energy vitamin.
